Federation of Labor Sentimen That Sherman Measure "Be Amended or Ended."

Rochester, N. Y., November 12.—An all-day discussion of the Sherman antitrust law, as interpreted in the Danbury hatters' case, to-day prevented consideration by the Americas preferation of Labor convention of the use mittee on education's report on the resolution favoring the adoption of industrial unforlism in the place of craft organization. When discussion of the Sherman law was ended the question of taking steps to encourage its amendment was referred back to the committee will make a report later in the week. By a special order discussion of international unionism was set to follow, and with be taken up to morrow morning.

Through the day speakers arraigned the Sherman law as constituting a menace to the right of the workers to organize for purposes of common interest, but a difference arose concerning the best means to combat the law. Members of the radical wingargunization in the workers' interests was the only means. President Gompers and other members of the conservative wing held that the remedy lay in election of labor men, of whatever political affiliation, to Congress, and agitation against the law by time-honored union methods. Whatever means is employed, it was the convention sentimen that the law must, in the works of President Gompers, "be amended or end-act."

To Demand Repairs.

A number of prominent citizens of Chesterdeld County will appear before the next meeting of the Board of Supervisors at Chesterdeld Courthouse Monday morning to demand that the clerk's office be put in shape to care for the records. They will ask that the building be put in a state of good repair, and that the room in which the files are kept be made fireproof.

The supervisors have on several occasions considered having the clerk's office remodeled and fireproofed. At the last meeting of the board several contractors were called in to inspect the building and to give an estimate on the approximate cost of doing the work. These estimates have not as yet been received.

He will leave after four successful years, during which the congregation of the church has been greatly increased, and just at a time when the handsome new building, erected at a cost of \$18,000, will be dedicated. This building was started just before Mr. Forrester began his pastorate, and the entire amount, with the exception of about \$2,000, has been raised through his efforts. It is thought that the new structure will be turned over to the trustees before Thanksgiving Day. In that case, Mr. Forrester will have the pleasure of preaching the first sermon in the building which he was instrumental in securing for his congregation.
